Volkswagen Touareg 2004. (4795 USD)

Location **Colorado** https://www.genclassifieds.com/x-624834-z

this is a very clean 2004 Volkswagen Touareg, v8 4.2 liter all wheel drive. the car is full of technology some I know and others I don't. it is by far the best vehicle I've ever owned or driven.the car has 168,000 miles on it. transmission in great shape engine in great shape. very powerful car and just amazing in the snow. a very practical car and very dependable. unfortunately the car was involved in an accident last year which affected the title, the car now has a rebuilt from salvage title. nothing wrong with the car at all, I purchased the car and I have all the receipts for fixing the car and maintaining it. recently I've change the brakes on the car, changed both air flow mass sensor, oil change alignments. and the car is ready to go.

for more information please contact me at 720 427 six nine one
