

Danica Survivor now needs human to love (Fayetteville)

Location

Arkansas

<https://www.genclassifieds.com/x-624879-z>

Danica is a sweet natured little kitten that came to us last week after some citizens found her. She clearly had a run in with some sort of vehicle. She has some wounds on her face and a large abrasion on her side. Dr. Henley patched her all up and she's well on her to being all better! She is about 2 months old and would love a new home that will keep her safe and give her.
