Our roommate is moving in a week so we're looking for a respectful, dog loving, social roommate (age 24-26 if possible) to fill his place!!

Combined, we have three dogs. As much as we want to welcome every furry creature into our house, our landlords do not feel the same - we have reached our pet max so unfortunately, we will need a pet free roomie.

Some quick info on our room for rent:

- ? \$500/month (not including utilities - typically around \$600 with utilities but it varies.)
- ? Basement bedroom with own three quarter bathroom- great "man cave"
- ? Three-bedroom two-bathroom house
- ? Near DU campus
- ? Perfect for grad student or young
