

1993 40th Anniversary Corvette (5500 USD)

Location **Florida**
<https://www.genclassifieds.com/x-625063-z>

I am selling a 1993 4th anniversary corvette. Needs some TLC. Not running. I think it needs a new starter. When you turn the key I just get a clicking sound. Before it started making this clicking sound it ran really nice with a strong engine. Also has a small oil leak, about a half a quart a month. Not sure where it is coming from. Tires have less than 5000 miles on them. Left driver side louver has a piece missing, easily replaceable. Been sitting for a few months so battery is dead but will put it on a charger tonight to get exact mileage. I think about 110,000 but will update when I know. Paint could use touch up in places or ideally a new paint job. 5500.00 or best offer, cash only, title in hand. Will need to be.
