## Beautiful Mahogany Dining Room Set (255 USD)

Location **Arkansas** https://www.genclassifieds.com/x-625138-z

Having to downsize so I'm selling my much loved Mahogany dining room set. It's in very good condition but it does have a few nicks. The biggest is on table top. Picture posted and the chairs also have some nicks but not bad. The chairs are a like a tan velveteen and a couple probably need a little spotting. I've included pictures of that too. It comes with two captains chairs and four regular chairs and two leaves to extend.

Please text or call me if.
