

Keifer Built 3 Horse Trailer,LQ, Like New (26500 USD)

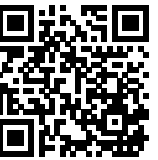

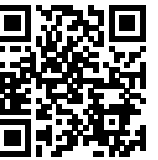

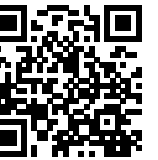

Location **Arkansas**
<https://www.genclassifieds.com/x-625139-z>

This trailer back up for sale thanks to a bad check from a guy named Terry Jeffs from Jane MO. It has had horses hauled in it 5 times to Wyoming and back and that is all and every time used it was washed out with water and clorox, it has no horse smell in it, it smells like a new one. it was custom built to my specs. with lots of insulation so it could be used in cold weather. It has two 30 propane bottles, forced air furnace, two year old air conditoner with electric heating strip,heated waste water tanks, ceramic stool, flat sceen TV 12 volt or 120 volt, two large storage boxes up front, largest refig. I could put in it,several drawers for storage, all cabinets are solid oak, has a door between LQ and horses, has a large \$6000 hay rack that is weather proof and dry and a large door on top with a winch to raise items up with, I never hauled hay in it I used it to haul camping items and hunting clothes, it has a dent in hay rack from tree limb hitting it. it has generator hook ups, it can be winterized in about 5 minutes with 1 gallon of antifreeze.This trailer is about as clean as you can get with out being new. I have sold our place in Wyoming and our horses and no need for this trailer.I have more pictures if needed and the writing on trailer is stick on and will come off easy. A new trailer like it today with hay rack costs over \$26,500 with out the LQ, this LQ is top of the line not cheap or cheap made. If you want a trailer you can use in the winter and not freeze or the water freeze up this trailers is for you. A local man built the LQ and he could make any changes you may want to make to it. I might take a 16 ft or larger cargo trailer in trade. There are more extras on it just give me a call. If adds still here its still for sale. \$26,500 Call 479-nine two five 1231 or repond by email
