

2005 Sea Ray Sundancer 30

Location **Massachusetts**
<https://www.genclassifieds.com/x-625215-z>

THIS BOAT WAS RE-POWERED IN 2013 AND 2014!!! If you are looking for a 30' Sundancer, this is perhaps the best buy on the market. It is unlikely that anyone else would be as stupid as I was to completely re-power my boat and then turn around and sell it so soon. I planned to get new risers at the end of the season and simply did not make it and paid a very steep price for that mistake.

Dual 5L Mercruiser Multi Port Fuel Injected Engines. The Port Engine has approximately 30 hours and the Starboard has approximately 60 hours (these are high estimates because the engine hours were not reset when the engines were replaced - likely far fewer hours on these engines as the port was used for one season and the starboard for two. Last boating season was short for us due to weather conditions.)

8' MERCURY INFLATABLE with 3.3 MERCURY OUTBOARD INCLUDED!!! this is a two stroke engine which weighs only 17 pounds and fits perfectly under the stern seat. I only used ethanol-free gasoline to preserve the rubber hoses, etc. Easily placed on inflatable without dropping it into the water which I have seen happen with heavier engines.

FEATURES:

Raymarine color chartplotter with radar overlay. Bailed me out on many foggy occasions.

New Port Engine 2014

New Starboard Engine 2013

New Risers both engines

Kohler Generator

12V battery drives

12V stereo player

12V power head as well as custom swim platform

Cooktop Stove

Microwave oven

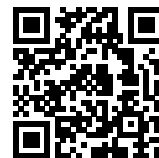

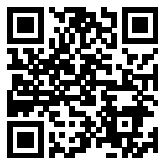

Electric windshield controlled on deck and from helm.

New water heater 2013 - Replaced when starboard engine was replaced because of the easy access.

Camper Canvas This makes the boat (Only three years old!)

Etc. etc. etc....you know the standard equipment included in this boat. Sea Ray has numerous feature

features not included in other boats of this size. Storage space is phenomenal for this cruiser.

2005 Sea Ray Sundancer 30

I love this boat because, while it sleeps 7 people, you can easily navigate alone (get fuel, peace, etc.)
Call me and take a test drive at your convenience. Thanks. Ken
