I've been caring for my little cousins since they were infants. They're 4 and 6. And it's still my favorite job. I love children as an aspiring teacher. My greatest joys are teaching them the little things such as big words at a young age, teaching them to create stories behind their art and honestly listening to anything they have to say. I've recently been promoted to front desk at the hotel I work for, my previous position was activities host and watching over the children at the pool which was an amazing experience and taught me so much. I have recently moved up to the front office in my hotel and have a set morning schedule now. I have the up most patience and will take great joy in taking care of your important little one as if they were family. And fanny does rhyme with nanny. :)

** AVAILABILITY : Any day after 4pm. Takes last minute sittings. Sitting during the day has to be scheduled a week in advance.

** Experience : 6 years babysitting

Light hotel babysitting. Children's activities coordinator at a hotel.

* FIRST AID TRAINED

\$10-12 an/ hr
