I have a really sweet Siamese (Igor) for adoption. He is about 4 years old and fixed. Gets along great with everyone. He absolutely loves attention and always wants to be right next to you all of the time. He is also really talkative. He's always at the door when he hears you coming in and also comes when you call him. He'll also play hide and seek and tag which is pretty unique. The reason I'm getting rid of him is because my boyfriend's cat just moved in and they do not get along. It's my boyfriend's cat who has the problem - Igor is very social. He actually gets along with other pets just fine (he doesn't even try to eat my beta fish).

I have his most recent vet paperwork. Up to date on everything. \$60 to ensure a good.
