I was in a car accident by Mile marker 17 going Eastbound on I 80 with a black Jeep Wrangler on 07/27/15 and was transporting my cats. The Jeep flipped and the 2 cats I had I believe ran off close to here. The black one is a large cat named Gunker Monk and the grey is a Rusian Blue smaller cat named Poo. If Found there is a Reward. They are both microchipped. Please call or text, I am from out of town but will come to retrieve.
