I say this with a heavy heart but we needing to rehome our German Shepard/ lab. He is fixed!

Peter is a German Shepard lab mix and is very big about 80-90lbs. He does really well with my 2 and 4 year old, he is very playful and loves to be around his humans. He is 3 years old and utd on shots, I just gave him his trifixis on July 15th. Rehoming fee of \$150. He will come with everything I have for him.

I'm not able to care for him the way he needs to because of my health problems. He really is a sweet dog I would not rehome him if I was able give him what he needs.
Please email me if you would like to meet!
