Location **Hawaii**

My dog Pitu went missing on Telephone Exchange Road in Honaunau on Monday (8/3) AM. She was taken for a walk by a visitor to my home, without my knowledge, and left someone on the road playing with a neighbor's puppy. From that time, she has never returned home.

She is small (12-15 pounds), white, short haired, with floppy ears that have brown markings. She is about one year old. She had a blue collar on at the time she was lost or stolen and has been limping on one leg due to a recent injury. If you have any information about her whereabouts, please contact me.!!
