Hello, my name is Sam, female. I am very experienced with children varying in different age groups. I have been helping to take care of children since I was very young. I'm very good with kids aged 3 and up. When in my care, your child will have all their necessary meals/snacks, cleanliness will be maintained, and I'll make sure they're kept busy and safe. Your child can be dropped off at my house, which I'd prefer, or I could babysit at your house as well. But If I were to go to your house, I will not stay passed 8:30 p.m. Please text me at

or email me at

if you're interested or have any questions. Thank:)
