Alert to Southie residents!!

Last few evening several residents had spoken to me about ROCKS being thrown at their cars from groups of kids by the projects, about a month ago, severl were spotted and throwing rocks at cars by Burger King, also in day time stealing parts of bikes and returning at night to steal more!

The law says;

Despite that some think kids are always right and don't know what they are doing, YOU HAVE THE RIGHT TO PROTECT YOUR PROPERTY AND USE WHATEVER WAYS TO KEEP YOUR FAMILY AND OTHERS SAFE UNTIL POLICE ARRIVE!

Date line showed how police surrounded a house, they went to the door and talked to the woman and told her a neighbor said someone was in the yard, they went out with her to open her back gate, then she went back inside, the intruder killed her while police went out back to check, something terrible went wrong, it was on tv the other night, so my point is you cannot just count on police, I advise especially woman to get mase, and take self defense training.
