

Media Production interns wanted (Roseville)

Location **Minnesota**
<https://www.genclassifieds.com/x-625874-z>

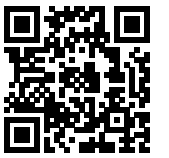

CURRENT STUDENTS ONLY** no exceptions

CTV North Suburbs is looking for Media Production Interns. This is a part-time opportunity while you are in school. Range from 4-20 hours a week, maybe more if you have availability.

We are looking for interns who know how to handle a video camera and shoot for news; or documentary style. Be familiar with Final Cut Pro (X would be best). Can you take a simple story idea and make it your own?

We could also use sports interns. Those interested in operating camera, announcing or just being part of our sports crew as we cover high school and college sports.

If either of these opportunities interest you and you have what it takes, send your resume, link to demo content and cover letter to Production.
