I offer cleaning services that are personalized, high end, and of the best quality. I have a one person business, which means you wont have a new cleaner or stranger in your home everytime you get a cleaning. I have many excellent references and have been running my cleaning company for five years. I offer natural cleaners upon request. I am flexible with scheduling when I can be, and very aware and helpful of your specific needs. Please call or e mail and I can give you a ruff estimate, or meet If that works better for quoting and discussing details. Stacy Personalized Cleaning Services
