

Americas Largest Solar Company is Hiring (Kona)

Location **Hawaii**
<https://www.genclassifieds.com/x-626073-z>

When someone asks, "So, what do you do for a living?" wouldn't it be cool to say, "Oh, I save the planet." Okay, maybe it's a little over the top. But at Sunrun, we're changing the industry, making solar an affordable, money-saving option for our customers (and, yes, we're making Mother Earth a little bit cleaner, too). We're looking for the best and brightest to join our team of passionate, friendly people who have desire to be part of something big. Something that matters. But without sacrificing fun!

We are looking for the following roles:

- Installers
- Lead Installers
- Electrical Foreman - Must have a Journeyman card in the state of Hawaii
- Construction Superiors. Must have a C-13 License
- Site Technician
