-- Whatever problem your having, I can fix it...or replace it! And for much less than you would pay a larger company. That's because I don't mark up the prices for parts or equipment like the rest. With me, you'll only be paying my low cost labor fees!

-- I am an licensed Heating, Ventilation, Air Conditioning and Refrigeration Technician with over 21 years experience, both Residentially and Commercially. As well as 21 years experience in Plumbing, Electric, Appliance Repair & Handyman work as well.

-- I'm not just out to make a quick buck. I'll do everything I can in order to fix the problem, before I just go replacing parts. Of course I will always give you my honest opinion, but I'd much rather look out for my customers and try to save them as much money as possible. In gaining your trust, I hope to gain you as a long term customer, and just ask that you refer me on to your family, friends, neighbors & co-workers.

-- ALL REFERRALS WILL BE REWARDED!!!!

-- Estimates on any NEW HEATING / COOLING SYSTEM or HOT WATER HEATER INSTALLATION are FREE!!! So, if you are looking to save \$\$\$ on your gas and electric bill, with a NEW & super-efficient system.....I will give you pricing on several different options - all ranging in different brands, prices and efficiency levels. Even if you already have an estimate, I will out-bid any price you've received!!!
