Fox was in the tank for JEB!, but his stupid ass couldn't get out off the Donald's way, and he stayed calm and made good points and gave detailed solutions to the problems that the democRATS CAUSED! No more RINOS, Donald Trump for the next 8 years and America will be back to being the greatest country in the world and nobody will apologize for that. He will be america's greatest President like ronald Reagan not stupid ass Perry's Ronald Raven. Carly F. won the debate? She can make Donald a sandwich then. And he slapped down that crybaby with the wig Rand Paul, o, boohoo, they're spying on you, he's isis' best friend. Maybe Kasich can take some time off with his gay friends and figure out that the President needs to take us back to real values not made up liberal judicial ones. scott walker looks like a sissy, men or women will never vote for one, you too Linsey 'graham and your crybaby global warming bs. Christy is still too fat, no one will ever vote for him, give obama another hug, tubby, your finished anyway. Carson is so boring nobody will ever vote for him, get lost you can be surgeon general because we don't need one anyway. everyone else whoever was just stupid, forget it you lost. Trump!
