Two hours of a panel of celebrity look alike running for community grounds keepers. Only the one with the fake curly hair was having a hard time last night. The Gary Busey look alike said to the Pauley Shore looking guy. I didn't catch their real names but the Baby Huey was my favorite. A fowl mouth Baby Huey. Diaper and all. Dr. Cosby double was ok, but I expected at least one rape. Anyone know who that Canadian guy was? Looked like he was digesting something tough, Walter Mathau maybe? Oh the dopey one, Clark Kent behind the glasses that was easy. Later debates he'll take the glasses off and we'll see the S on his chest for SOB, Son of a Bush. But for now.....I love stunt doubles running for jobs they look like loud mouths who go off script. Out of their league, talking in circles and under the bus. We like these guys, what happened to the white lady, and that bellboy? And Palladin? Where was Richard Boone? Can't play Gunsmoke without the cowboy and the only Indian.....come on Gopers.....can't even put together a good variety.....
