

## Quit Reading and Start Calling

Location **Florida**  
<https://www.genclassifieds.com/x-626186-z>

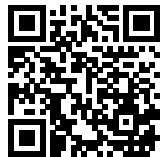

I can not believe this Nortel phone system operates so well. I took it out of an office on the West Coast and reinstalled on the East Coast. Now my Midwest business is growing and wants a VoIP solution so am willing to sell this telephone system cheap. I 've many used phones that go with it and will help you installers all over the country because I'm a nationally acclaimed jet setter.
