

Lost Cat (Blackwell Farm Road)

Location **Mississippi**
<https://www.genclassifieds.com/x-626230-z>

Lost female black & white cat. Lost on Blackwell Farm Road off of Hwy 67 in the "Success Community". She is a very small adult cat. She looks solid black from a distance. She is black with white on her paws, and belly. She has two very distinct markings...the first is under her chin she has a white mark that looks like a "goatee", and the second is one of the tips of her ears is clipped. They clip the tip of the ear when they get fixed at the Humane Society. Both of these markings would be hard to see unless you were able to get close to her. Her name is "Toot Toot", she is about 2 years old, and she gets along with other animals, cats & dogs. She is my sweet little girl, she has been missing for a couple of months. I miss her so much. Please is you have her or think you have seen her, please call me. Thank!
