Up for sale is a set of Incubus Novacaine 20X 8.5 with Nitto N555 235 35 20 tires (1 new, 3 will prob need to be replaced soon but have decent tread. 1 the belt is showing so that would need to be replaced real soon) Rims are decent shape but probably not "car show" worthy. Curb rash on 2 of the lips which I heard can be fixed, some tar and one of the caps has a busted hole for the screw. The lug pattern is 5X114.3 I believe. They were on a 2nd generation Lexus GS. They are 5 summers old.

Methods of payment I accept will be cash only. I will not be accepting cashiers checks or money orders for out of state people wanting to pay extra as a holding fee and try to get me to pay their movers with the extra money.

SERIOUS INQUIRIES ONLY. Please do not waste my time setting up an appointment to see and then do not call to reschedule or do not show up.

Do not ask if item is still available, if you are reading this then it is. I will remove once item is sold.

Emails received with no text other than the first sentence of my post will be ignored and deleted!!!!

thanks for looking
