

Razzi Kit wfac bumpers for Olds Alero (400 USD)

Location

Maryland

<https://www.genclassifieds.com/x-626409-z>

Up for sale is a full Razzi Kit for an olds alero coupe but may fit on the sedan too. They are attached to the factory bumpers but starting to come off, I would be willing to sell the factory bumpers with them for an extra \$175 for both. I also have another unpainted rear razzi overlay for Alero. It has rivet holes from when it was first attached to the car which can be filled in. \$100 for just that piece.

Following note is for those scammers out there.

Please note no shipping is available for this product, no truck service either. Buyer must come with nothing larger than a pick up truck (ie no freight trucks) they will not fit in my development. No boxes are available as these items are much larger than any box I have or can get a hold of, (they are car parts) No checks accepted this item is CASH & CARRY

Emails received with no text other than the first sentence of my post will be ignored and deleted!!!!

Do not ask if item is still available, if you are reading this then it is. I will remove once item is sold.
