Do you have a \$3,000 television that has been turned in to a 100 pound paper weight? Do you click on your television and the unit does not turn on for five minutes? Are you tired of waiting for the television to cycle the power on process and turn on?

If this is the case, don't fret. The television doctor is here!

If you have a Samsung flatscreen television that has any of these symptoms, give us a call. You will be glad you did.

Typical repairs are done for \$150. If you remove the back panel and give me access to the circuit board, I can reduce the rate to .
