Automotive Technician with 40+ years experience available at your convenience! Don't overpay shady shops and price-gouging dealerships when I can help you get back on the road fast. Flat rates and discount pricing on the majority of jobs that serve all of your needs. I have my own garage, and only professional equipment, so I have almost no overhead, unlike most shops. Not too mention all of relationships I have regionally with every supplier from my long career in the industry, for hard to get parts for your really tough jobs. My work is always at a low price, for a service that cannot be beat.
