All American Sealcoating Inc.

This has been an incredible side business since 1987 and can be a full time job. The phone rings every day and the repeat business is over 20 years.

The asking price is \$17,500 which is what it can be made back in 2 months. I was motivated to sell because I wanted to spend time with my family. I was not asking for a huge profit. If you are looking to start a business or with a partner, this is a rare opportunity to own an established business with very little risk.

All the equipment listed above is worth around 10k alone.

I got my first pension and Social security check and I have a pontoon and golf cart calling my name in Wisconsin.

Full training will be provided if requested.
