I am seeking a dog walker/sitter for my loving 5 year old lab mix. Moseley is a cuddly, loving boy who sometimes has to stay home while I work as a pediatrician. He loves to run, walk and swim but is also very comfortable having snuggles at home. He is a rescue dog and I have learned that he can occasionally be a bit of an alpha dog when meeting other dogs and at other times he has no issue. I am seeking someone who could walk him when I work 12 hour day shifts and occasionally either take him home for an overnight or be willing to stay in my comfortable Freeport downtown home as a sitter. That's us, in a Blue Buffalo dog food ad! Thanks for!
