

Fun Modeling Shoot Curvy Women (Seacoast NH, Portland)

Location **Maine**

I am currently booked through early August but searching for a model(s) that would like to work for 60-90 minutes to do a photo shoot with a classic car(s) OR more likely for low light (late afternoon early evening) outdoor shoots. One example of my work is above but more on my website. This is a trade for pictures gig at this time but other opportunities may exist for pay in the future. Site for shoot will be an outdoor public and safe space to be determined and that is mutually convenient (likely a park, large empty parking lot, or other open space within 30 minutes or so of the Seacoast, NH area, Portland ME or south, (Manchester, North Shore of Mass, Rochester, NH). Dress for the shoot should be something of yours that you feel can be sexy or just plain pretty to you (a retro look would be terrific) and can range from a bathing suit to short shorts, mini-dress and heels or what have you that we can discuss before the shoot. We can also discuss a project or your ideas to benefit each other. If with a car for some shoots it may be white or perhaps red, so contrast with your outfit would be important. The model type that I am looking for is likely under 35 and might describe herself as slightly curvy to voluptuous up to size 18. Experience would be welcome but not necessary. For paid shoots and some will be available from time to time, you will be paid at the shoot and I will also furnish you with 10 post processed photos in digital format...I also include several head shots as well.

I am a part time paid professional photographer, but looking to build my portfolio and perhaps help you at the same time.

PLEASE reply with photo(s) and a short note describing your availability, experience (if any, but not

necessary) and why you think this would be fun if you like. Please be drama, drug free, and professional. This is not a comedy show, it is important. This is NOT a place to hide pictures of what have you done. I have frequently asked for a question and been on the up a lot. Please include all questions you have.

I will endeavor to reply to all responses in a reasonable time frame in the strictest confidence and to thank you in advance for your.
