

Miniature Australian Shepherd in need of good home

We are looking for a new home for our dog, Indiana. He's a 6 year old Mini Aussie. He's a great dog just needs more attention than what we can give him since having our baby girl and moving to a home with a smaller yard. He's neutered, good with cats. Never bitten anyone. Free to the right owner. If it doesn't work out, we would definitely take him back. We just want to find a better home for him. Thanks!
