Denver Colorado based Furniture Row owns and operates Bedroom expressions, Denver mattress Co. and Oak Express. I suggest that you shop elsewhere and save yourself some aggravation .

I received very poor treatment from this company after I paid cash for my purchase! They resolved my damage claim not with Customer Service but by using their own Legal Department. "Service after the Sale" was non-existent.

With 330 stores in 31 states a Boise customer like myself just got no consideration at all.
