Gently used solid white loft bed on top, desk, dresser drawers and shelf space. Has some scratches, spots, and missing a dresser knob or two will need some wallpaper or paint to cover a few spots. Otherwise still works and is solid to use and sleep on.

62.5inches tall 6'5"

77in wide

Twin bed -mattress.

\$100, needs to be half unassembled and reassembled, I have no directions but will help figure out how to disassemble and carry.
