Graco Lauren 4-in-1 Convertible Fixed-Side Classic Crib and Naturepedic No Compromise Organic mattress available (dual-sided). Both bought new in December of 2011. Used for one child.

Crib: My little guy gnawed on the the side while teething, but in otherwise perfect condition. Measures - 55.25w x 30.25d x 37h

Mattress: Small stain on one of the corners of the crib, additionally, there's about a three inch tear in the seam of the mattress from the coils of the crib getting caught on the bottom of the mattress while changing the sheets one day.

Will include a Priva mattress protector pad/sheet saver as well. Also have fleece crib rails posted for sale. Will give a discount if you're interested in all items.

From the manufacturers:

Graco Lauren: Crib converts to a toddler bed (no guard rail needed for conversion), daybed and full-size headboard (bed frame not included). Three-position mattress height adjustment

Naturepedic: Organic Cotton Waterproof Fabric - Luxurious organic cotton fabric with easy-to-clean 100% polyethylene waterproof surface (so pure it meets food contact standards). Provides the ultimate

non-toxic and stain resistant, waterproof mattress cover. Also functions as a dust mite/bed bug barrier - no need for additional chemical encasement. White fire retardant.

Organic Cotton Filled Organic cotton is the most form of cotton and a healthy alternative to polyester and blends. **Organic** uses only the grown and processed organic cotton, making for

mattresses and buys directly from USDA certified sources. This ensures purity, organic reliability and support for U.S. farmers.

Optional 2-Stage Dual Firmness - Provides a slightly firmer side for infants and a slightly softer side for toddlers. This tailored approach offers specialized attention based on the stage of the child (safely for infants, and comfort for toddlers).

Snug Fit In Your Baby's Crib - Features square corners for a snug fit. Measures 27.5" x 52" x 6" (also fits toddler beds and day beds)

Fire Protection Done Right - Due to our innovative natural design and intelligent mattress construction, Naturepedic passes all Federal and State flammability standards without the use of any fire retardant chemicals or flame retardant barriers. This is achieved through superior product design, the use of more natural materials (i.e. organic cotton fabric, organic cotton fiber and non-GMO potato-based PLA batting) and the elimination of polyurethane foam.

Tested for Chemical Emissions - Unlike crib mattresses that contain polyurethane foam and/or vinyl, Naturepedic helps you avoid these materials and other unnecessary additives. Improve the indoor air quality of your nursery and reduce chemical exposure by eliminating these chemicals in the first place. Naturepedic baby crib mattresses have been thoroughly tested for chemical emissions and are certified to the GREENGUARD® GOLD standard. This helps promote a cleaner, more chemical-free sleep environment for your child.

Certified Organic - The entire crib mattress is certified organic to the Global Organic Textile Standard (GOTS). This ensures that your crib mattress meets a healthy non-toxic standard and is truly organic.

Proudly Made In The U.S.A. - As a family owned business with an excellent reputation for quality products and great customer service, Naturepedic is proud to offer the very best organic mattresses - made right here in the U.S.A. We use a combination of domestic components and imported fabric and components when crafting our mattresses. When you buy a Naturepedic product, you can feel proud of your support for U.S. jobs and industry. You can also be assured that your bed was crafted by people who.
