

Full Size Box Spring wMetal Frame wWheels (50 USD)

Location **Maine**
<https://www.genclassifieds.com/x-626805-z>

We are moving down south and are selling all of our belongings! We're getting rid of our full size box spring with its metal frame on wheels. The box spring has been cut in half for when I lived in an apartment I could not fit my bed into, it now comes apart and back together with beams and heavy duty screws and washers, see picture. Good in case you come across the same issue I did! Asking .
