I am the second owner of this boat, it has a v6 4.3 chevy Vortec engine goes about 43mph with a cobra II outdrive and its been in fresh water use only and not much with only 253 hours. I put a new fuel pump in this year, new battery, new distributor cap, new battery, and more. Inside and out the boat is in good shape, it has 6 seats plus . The cuddy cabin which has a port hole. We got the boat this year and there are no public boat ramps and our ramp is very hard to get the boat in and out so we bought a smaller boat. \$4500 is my end of the season price I am also interested in a utv side by side or a nice jeep TJ only! I have the sun top for this boat, life vest, and water skis which I will include for full asking price offers. This boat books for around 7000.00 so my price is excellent do by some no name bowrider or cudy cabin boat when you can own one of the better boats on the marker Four .
