Hey ladies! I'm starting a Female owned and operated VIP escort company!
I'm currently seeking 2-5 beautiful women that are serious and interested in breaking into the adult industry as an escort! My main goal is to provide a safe, friendly, and lucrative environment for you ladies! The only cost to you is time and commitment. We will arrange a photo shoot, as well as build your portfolio.
Pay is not specific but as our fanbase grows, we can demand a higher price. We will travel frequently as well!

If this sounds like something you'd be interested in, please email me with photos(a face shot, 2 full body front...different angles in lingerie/bikini). Please include if you have any experience. If not, that's fine as well.
Also, put VIP escort in the subject line.
Hope to hear from you soon!
Bye;)
