I am a professional photographer looking to expand my portfolio with fresh faces and new talent. The focus of my portfolio update will be Modern Senior Photography for which i am looking for young female adults who can appear to graduating from High School. With the Modern Senior Photography style I am looking to capture a more fashion driven feeling while still showcasing the milestone that is graduation and the happiness of the graduating senior.

Payment for this gig would not be monetary but it would come in the form of select photos for the model's portfolio and added resume experience.

Please contact me via CL.
