1984 Honda Nighthawk cb700s (and motorcycle trailer)

The bike starts right up and is ready to roll. It's a good one for sure, here's a great page for the specs:  
<http://paulsnighthawkpages.blogspot.com/p/nh-700s.html>

I've owned the bike for eight years and kept regular good care of it. It is a super fun bike to ride and looks good too. The reason I'm selling is I am moving and won't have space for it. Cosmetically it has a few nicks and scrapes; It is from 1984.

Done within the past month for this sale:

- New Oil and Oil Filter
- New Spark Plugs
- New Battery
- Tank cleaning
- Bleed brakes, replace brake fluid
- Installed centerstand

Additionally, the sale includes:

- Motorcycle trailer (Electric works, ready to go)
- 3 saddle bags and a tank bag
- Guardian Motorcycle cover, (a good one, not cheap one)
- New helmet (frank 1000)
- New 22 Helmets
- New water motorcycle jacket (size 34)
- battery maintainer/charger

One Broken Headlight. (mine)...just hope it goes to a good home :)  
 It does need new tires.

Serious inquiries only... contact me and we'll set up a time you can see.
