CRAFTSMAN EXCLUSIVE!
This versatile level projects a "bright red laser line" that travels 50'-from horizontal to vertical, and at all angles in between!
Designed with triangular laser optics that project a 100' continuous straight line that's bright and easy to follow.
This line is not affected by uneven surfaces or objects in its path so your laser line is always level!

Accurate to ± 1/2-inch at 30 feet.
Superior versatility! Can be used 3 different ways to get the job done right!
1. Use hand hold with bubble levels
2. Use wall mounted with optional base
3. Use surface mounted with leveling base
Or mount on tripod stand included with tripod base (sold separately)

Just for most any indoor do-it-yourself project, such as hanging pictures, measuring shelves, wallpapering, painting, leveling flooring and tile work...also professional applications like installing kitchen cabinets and counter tops.

4-in-1 Level **LASER TRAC**

Gently Used
