Our Home Health team provides supportive in-home caregiver services, allowing your loved one to maintain their optimum level of independence.

We offer an array of at home personal care services for individuals and couples. These experienced caregivers are available on a 24-hour live-in basis to help with a variety of in-home senior personal assistance services for clients living in the NY, NJ and CT.

Our services include customized personal/ elder assistance plans. We recognize that everyone's needs are different, therefore our companions evaluate each situation on an individual basis to develop a care plan that meets each client's specific needs.

Program Goals:

- Providing personal assistance as clients recover from a hospitalization or injury
- Ensuring that the patient and caregiver comply with the medication regimen and rehabilitation program
- Decreasing the incidence of a patient's hospitalization and need for emergency care
- Providing a safe environment to remain at home
- Medication Reminders
- Promote the ability to stay at home safely
- Home Assistance Services

Personal care including assistance with bathing, grooming, dressing and ambulation

Call: so we can help you get started

Let us know if you have other special needs. We are here to work with every case on an individual basis. Each senior home health aide and companion is thoroughly vetted with personal interviews and reference checks. All aides have experience with seniors, the elderly and adult home care. Our agency provides non medical live in homecare services for private duty. Each elder caregiver is experienced working with patients that have dementia, parkinson's and alzheimer's, also hospice and incontinence. We work with companions and caregivers that have HHA certificate and we have aides that speak other languages such as Polish and other Eastern European.
