Hello to all that love to help!! We need female model volunteers to wear a newly manufactured fabric ballet flat insole so we can test their durability!!! All you have to do is contact us thru craigslist and give us your shoe size, age and address and we will mail them out to you promptly. The idea is to wear them daily as we need to test their durability for 120 days (4 months) straight. Once you wear them out after 4 months send them back on the postage paid self-addressed envelope we send with the insoles!!!! Please fill out the volunteer product review. Once we receive the tested insoles we will mail you out a check for \$5. How easy is that!?!?!? It's a win/win!!! You get to test a product and we get to learn more about the product durability and the customer!!! PLEASE HELP!!
