

Beautiful young female caique w cage (Parma)

Location

Ohio

<https://www.genclassifieds.com/x-627288-z>

I'm looking to rehome my young female black headed caique named rocket (rocky) she is about 2 years old, she was handfed as a baby, she is handled daily, she says "Hi", "How ya doin" ,and a few other words, she is constantly learning new words, some are more clear than others since she's still young, she's very playful, does tricks for example, she will lay on her back in your hand. This type of bird loves to play on the bottom of the cage with balls etc, along with her hanging toys. She is very sweet and loves attention, like most animals she will need time to adjust to a new environment. Cage and everything in the cage included, and a small bag of food, the cage/bowls are metal. The measurements of the cage are 52in high, 18in depth, 18in wide. Serious bird handlers only, please leave a contact number for sooner response, her rehoming fee is \$550. Thank
