

Want my rims painted or powder coated (La Center)

Location **Oregon**

Looking for a 'professional' paint job on my rims. I have a set of 4 aluminum rims. They are 15x8's and are genuine 2 piece rims held together with rivets. Right now they are polished aluminum. I want a flatte black finish that will hold up well and last a long time. I'd do it myself but have no clue what kind of paint to use and don't have a lot of painting experience.

So basically I'm looking for someone to clean these wheels, prep them and paint them. Send me an asking price and if u have pics of previous work that would be great. Thanks

(Last picture is what I'm looking for as an end)
