Selling our full blood long haired Chihuahua. We've had him about 8 months so he's approximately about a year old. We are wanting to find him a good home! We don't have the time anymore to be able to care for him the way a small dog needs. I am asking a rehoming fee of \$50 but might be able to work with price considering we are needing him to go quick. He has had his first set of the 7 in 1 shots & will be needing the other set here soon. He's around 5-6 pounds approximately. He has a small spot in his back we are doctoring up right now. The spot is healed & we are just waiting for his hair to grow back in on that area. He's bathed regularly and looks great. If interested please email me or text at

ONLY SERIOUS!!
