My wife and I are renting a Penske truck to move our stuff from San Francisco to Chicago via Oregon (I-5) and Seattle. We'll be making the run next week starting on Monday 8/10 and reach Chicago on Friday 8/14 (we're not wasting any time)

We've got a 16 foot truck which we expect to only use approx 60% so we'd like to reduce the total moving cost by sharing the truck with someone else who's going either San Fran to Seattle, San Fran to Chicago or Seattle to Chicago. Please send me your cell phone number and we can discuss if you're interested. Place on the way or close to on the way are possible too.

The big benefit to you is we'll do all the driving and you don't have to pay the full cost of renting a truck and gas (approx \$1800) to Chicago.

Please note this is only for moving stuff -- not a ride (sorry no).
