I have gotten lost everything caught up myself except for two bills that I really need help with which is my Northwest natural gas and Portland General Electric which has a disconnect at the 10th of this month

My name is Eric Holden and I am a single father of three children my oldest son that's 12 I take care of seven days a week and my daughter that's six and my other son that seven their five days a week names are Ethan Tyler and Caitlin. We are in desperate need of some help this is not a scam and two payments behind on my chapter 13 were falling behind on our bills I work at the airport for 1025 an hour. I've been extremely stressed out because of everything that's been going on financially and I hope there's somebody out there that can help my family out. This is not a scam you're more than welcome to meet my family we live right here in Milwaukee. I have been trying to do the best I can and all I do is feel like I'm falling behind on everything. I get \$108 a month in child support to raise three children. Getting to the point where I don't know what to do anymore. Please there's anyone that can help us I'd be so blessed and doesn't seem like things are getting better just worse. We really need some help with our bills anybody please note. I've worked my entire life and now I am struggling trying to raise my kids on my own.
