I have a small juvenile female Banded (aka 50/50 or black/white) California Kingsnake for sale/trade. She's an early 2015, weighs ~15 grams, and is taking frozen/thawed small pinkies 1-2 times a week. She has a typical Cal King personality and is quite handleable.

I'm asking \$50 for her or will trade for something. Snakes I might be interested in are a Hognose snake, Striped Kingsnake, Apalachicola/Goini Kingsnake, or Apricot Pueblan Milksnake. If you have something else for trade, send me a message & we'll.
