**\*\*WE ARE THE ONLY CARPET CLEANER WITH REAL VIDEOS & PHOTO PROOF\*\***

A professional carpet cleaning company will not need to use your ELECTRICITY, so make sure to ask before you choose a carpet cleaner if they WILL NEED YOUR ELECTRICITY.

A Truck-mount is professional carpet cleaning equipment that works from the van and will not need electricity. (EXCELLENT RESULT)

A Portable is NOT professional carpet cleaning equipment that will need to be brought into your home and REQUIRE YOUR ELECTRICITY AND WATER TO WORK. (VERY POOR RESULT)

--	---	---	---	--	---	---	---	---	---

to Us, we are a professional carpet cleaning company, not a cleaning company. We also have a person who will take a shower in just hot water or steam.

We always use cleaning agents to clean carpets, NO HOT WATER. We never quote one price for cleaning, then tell you it's more for a deep cleaning. Every cleaning we do is deep cleaning.

---

4. We use a Truck-mount not a portable so we don't use your ELECTRICITY.

5. If you had your carpets cleaned by a competitor in the last 30 days and aren't SATISFIED, All In 1 Carpet Cleaning will re-clean the for half the cost you paid.

6. We are not looking for a quick buck, we want to keep our customers for a lifetime.
