

Attn Musicians, DJs and Avid Concert Goers (Seattle)

Location **Washington**
<https://www.genclassifieds.com/x-627749-z>

We're conducting PAID market research in the Seattle area over the next 2 weeks. We're looking for participants who are 18-32, love music and share their musical preferences through social media or are actively involved in musical communities. If this sounds like you, tell us why!

Those chosen will be asked to assemble a short powerpoint "scrapbook" and may be asked to do an interview between the 14th and 19th of August, so availability is important. Please check your calendar before responding. We look forward to hearing from!
