

Cypress Handmade Outdoor Kitchen Sink (800, USD)

Location **South Carolina**
<https://www.genclassifieds.com/x-627819-z>

Handmade Outdoor Kitchen Sink -
Made entirely of cypress and white oak
Dimensions approximately 37" tall, 34" deep, 8.5 feet long
Has stainless steel sink with brand new faucet
Currently set to hook up to standard water hose
Drains through standard water hose hookup
Finish treated with teak oil
Rolls on 2 casters and handmade white oak wheels (not designed to be mobile but can be moved)
Flip up side shelf (see pictures), also has lower shelf for lots of storage
Would be great for covered porch, covered patio, the lake house or beach house (I would not recommend constant direct weather/sunlight exposure due to need for higher maintenance of finish)
Asking \$800, or best offer, or willing to trade for offshore fishing gear
Serious inquiries only please, this is something of very high quality I personally designed and built myself, so I want it to go to a good home.
Respond via email only.
Willing to meet/deliver if reasonable
Thanks for!
